

The first choice in
POLYURETHANE CASTING MOULDING

**SHREE AARTI
PLASTICS**

**PRODUCT
CATALOGUE**

Manufacturer & Marketer of Polyurethane Casting Moulding Products which includes Rod, Sheet, Trolley Wheel, Castor, Roller, Pad, Strip, Pipe & Supplier of range of quality products made up of PP, Cast Nylon, Polycarbonate, Silicon, Rubber, Teflon, UHMW & other plastic materials

**ISO 9001:2015
Quality Management System**

**Standard and Tailor Made
Products For Industries**

ROLLER

Use: industries such as Ceramic, Textile, Steel, Iron, Aluminum, Wood etc.

TROLLEY WHEELS & CASTERS

Use: Pallet trucks, Stackers, Manipulators, Fork lift tyres, Friction wheels, Rollers, Skate wheels, Wagon wheels, Rotators, Small bearings etc

RODS & PIPES

Use: Mechanical, Thermal, Chemical, Electrical etc.

SHEET

Use: Mechanical, Thermal, Chemical, Electrical etc.

LIST OF APPLICATION

Engineering

Bushes, Machine Tools, Gears & Sprocket Wheels, Parts For Steels & Aluminum Cold Rolling Mills, Fasteners, Slotted Belt

Auto Mobile

Shock Absorbers Bumper, Liners, Steering Wheels, Diaphragm, Timing Belts

Material Handling

Rollers For Lift Trucks, Pallet Trucks Fork Lifts, Hydraulic Skaters Trolley, Aberration Resistant Liner, Hopper Liners Idlers

Hydraulics/Pneumatic

Liners, Oil Seal, Packing Seal, Coupling O Rings

Printing

Printing Rollers, Guide Rollers, Idlers

Electronic

Photo Copier, Printer, Electronic Type Writer. Audio-Video Sets, Computer Plotter, Timing Belts

General

Shoe Heels, Drive Wheels for Snowmobiles, Drive Wheels for Band Saw, Gold Ball, Winding Belts

Food Processing

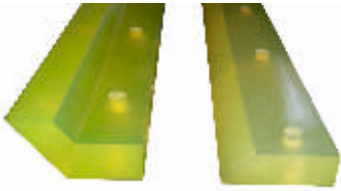

Guide Rollers, Friction Wheels

PART FOR SPECIAL PURPOSE,

TESTING EQUIPMENT AND DEVICES

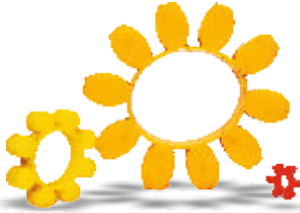

Currency Handling, Textile Milling, Mail Handling, Metering, Coin Handling, Microwave Oven, Deflector

STRIP

Use: Mechanical, Thermal, Chemical, Electrical etc.

MISC PRODUCTS

Use: GASKET, SHUTTLE BOWL, COUPLING, FRICTION WHEEL & WASHER as Engineering Application

UHMW

Items as per the customer's requirement

CAST NYLON

Items as per the customer's requirement

"AARTI"

is in field of manufacturing and development and innovations of industry recommended POLYURETHANE products for engineering applications since last 30 years.

Now we are focusing on POLY-URETHANE CASTING products indigenously developed & manufactured based on advance foreign technology.

Silent Features of POLYURETHANE Make Products

- High Abrasion Resistance
- Excellent Tear Resistance
- High Load Bearing Capacity
- Avoid Floor Damages
- Low Noise Levels
- Low Permeability To Chemical
- Resistance To Oil & Grease
- Strong Adhesions With Metal
- High Temperature Stability
